Step 1

Find Your Packing Slip

Your packing slip is critical to organizing your small groups! Provide practice and reinforce whole group instruction in small groups!

Grade-Level or Curriculum-Aligned

All students receive the same titles.

Step 2

Plan to Teach with Decodables

- 1 Find your **Packing Slip** and **Small Group Planner**.
- 2 Match the code(s) from the **Packing Slip** to view the titles in each pack and arrange your small groups.
- 3 Use the "Students" space to **add names for small group instruction**.

Lesson Plans Include:

- **Phonics Skill Review:** Reinforce the target skill.
- **Guided Practice:** Follow a gradual release model.
- **Independent Reading with Formative Assessment:** Use Teacher Resources to meet students' unique needs.
- **Writing:** Writing activities help to strengthen reading skills and foster a deeper understanding of the text.

Step 3

Get Students Excited!

Tell students you have a **special gift** just for them!

3...2...1

Have students open their packs at the same time!

Yours to Keep!

Give students time to explore their new books.

Share the Journey

Explain how the books will be used: whole class, small group, or independent reading, and then they take them home!

Step 4

Empower Families and Caregivers

Take-Everywhere Literacy Packs™ are for students to keep!

After small group instruction, students take their decodables home to **read**, **reread**, and **keep reading**!

Just Right Reader makes reading fun and accessible for all families!

- Send the **family letter** home with students.
- Encourage families to **scan the QR code** on the front of each decodable to watch the video lesson (available in multiple languages) with their child.
