# Title I, Part A, Improving Basic Programs Operated by Districts

## Program Description

- Provides additional academic support and learning opportunities to help low-achieving students.
- Supports extra instruction in academic content areas and **preschool, after-school, and summer programs**.
- Provides supplemental financial assistance to districts and schools with high numbers or percentages of low-poverty children.

## Just Right Reader Alignment

Science of Reading instructional materials and resources for explicit and effective literacy instruction and small-group differentiation **accelerate reading achievement among all students, including those needing additional support**. By providing structured, evidence-based approaches to literacy, these resources ensure that every student, regardless of their starting point, can develop strong reading skills.

**Extensive libraries of over 850 decodables in English and Spanish offer students numerous practice opportunities, helping to close learning gaps and strengthen foundational skills required to master the Georgia Standards of Excellence (GSE).**

Take-Everywhere Decodable Packs provide students with high-quality books for home use and personalized learning experiences based on assessment data - perfect for **after-school tutoring and summer programs**.

Early childhood Board Books, aligned with Early Learning Standards, build literacy and readiness skills in the critical first three years of life, from language and literacy to physical, cognitive, social, and emotional development. **Board Books and their accompanying Learning Together Guides are ideal for preschool instruction.**

Video phonics lessons, translated into multiple languages and accessible via QR codes on each decodable, reinforce phonics skills and **support reading development at home by offering families additional learning opportunities.**

**Just Right Reader's Professional Development**, delivered by Science of Reading experts or researchers, empowers educators by providing tools grounded in the Science of Reading research to use our resources effectively, enhance instructional strategies, and facilitate small-group differentiation.

# Title I, Part C, Education of Migratory Children

## Program Description

- Ensures that migratory children receive complete and appropriate opportunities to meet challenging state academic content and student academic achievement standards.
- Provides funds to support programs for migratory children.
- Ensures that migratory children who move among the states are not penalized by disparities among states in curriculum, graduation requirements, state academic content, or student academic achievement standards.

## Just Right Reader Alignment

**Newcomer Libraries and Take-Everywhere Packs support upper-grade English Learners at various stages of literacy development.**

Extensive libraries of over 850 decodables in English and Spanish offer students numerous practice opportunities, helping to **accelerate achievement and strengthen foundational skills essential for English proficiency.**

**Family engagement resources**, such as training and multilingual videos, empower non-English-speaking families to confidently support their child's learning at home.

**Video phonics lessons, translated into multiple languages** and accessible via QR codes on each decodable, reinforce phonics skills for literacy development at home and **provide support for families in their native languages.**

**Take-Everywhere Decodable Packs provide students with high-quality books for home use and personalized learning experiences based on assessment data.**

**Our early childhood Board Books, aligned with Early Learning Standards, build literacy and readiness skills in the critical first three years of life**, from language and literacy to physical, cognitive, social, and emotional development. *Board Books* provide children with a strong literacy foundation before entering kindergarten.

**Just Right Reader's Professional Development**, delivered by Science of Reading experts or researchers, empowers educators by providing tools grounded in the Science of Reading research to use our resources effectively, **enhance instructional strategies for supporting English Learners, and facilitate small-group differentiation to increase language acquisition.**

# Title I, Part D, Subparts 1 and 2, Prevention and Intervention Programs for Children and Youth Who Are Neglected, Delinquent, or At Risk

---

## Program Description

- **Supports supplemental instruction in core subject areas, tutoring, counseling, and transition services.**
- Provides formula grants for supplementary education services to help provide education continuity for children and youths in state-run institutions.

## Just Right Reader Alignment

Science of Reading materials and resources are developed for **high-impact interventions to accelerate reading achievement in tutoring and prevention programs for at-risk children.**

Our early childhood *Board Books*, aligned with Early Learning Standards, build literacy and readiness skills in the critical first three years of life, from language and literacy to physical, cognitive, social, and emotional development. **Board Books provide children with a strong literacy foundation before entering kindergarten.**

**Just Right Reader's Professional Development**, delivered by Science of Reading experts or researchers, empowers educators by providing tools grounded in the Science of Reading research to use our resources effectively in various educational settings.

# Title II, Part A, Improving Teacher Quality

## Program Description

- Improves the quality and effectiveness of teachers, principals, and other school leaders.
- Increases the number of teachers, principals, and other school leaders who are effective in improving student academic achievement in schools
- Provides low-income and minority students greater access to effective teachers, principals, and other school leaders.
- Increases student achievement consistent with challenging state academic standards.

## Just Right Reader Alignment

**Just Right Reader's Professional Development**, delivered by Science of Reading experts or researchers, empowers educators by providing tools grounded in the Science of Reading research to **use our resources effectively, enhance instructional strategies, and facilitate small-group differentiation to meet students' diverse learning needs.**

- In-person workshops
- Virtual webinars
- On-demand learning modules

Comprehensive support for school leaders and educators, including gradual release lesson plans for every title, videos, research-based activities, and printable resources, **improves the quality of instruction in classrooms.**

# Title III, Part A, English Language Acquisition

## Program Description

Funding is through two streams: English Learners and Immigrant subgrants. English Learner – Subgrants to eligible LEAs (1) to provide English learners (ELs) with an effective language instruction educational program (LIEP) that supplements the state’s English to Speakers of Other Languages (ESOL) language program services already in place; (2) to provide all teachers and school leaders with ongoing sustained effective EL focused professional learning, and (3) to provide EL parents, family, and community members with practical outreach activities to build their capacity to support their children’s English language acquisition and content achievement.

## Just Right Reader Alignment

**Science of Reading Spanish decodables, written by bilingual teachers and available in *Classroom Libraries* and *Take-Everywhere Packs*, accelerate biliteracy achievement by supporting English Learners and dual-language students.**

Spanish decodables build literacy skills in students’ native language and support cross-linguistic transfer, **accelerating the acquisition of English.**

**Newcomer Libraries and Take-Everywhere Packs support upper-grade English Learners at various stages of literacy development.**

Extensive libraries of over 850 decodables in English and Spanish offer students **numerous practice opportunities, helping to accelerate achievement and strengthen foundational skills required to master the Georgia Standards of Excellence (GSE).**

Comprehensive support for school leaders and educators, including gradual release lesson plans for every title, videos, research-based activities, and printable resources, **improves the quality of instruction in classrooms.**

**Video phonics lessons, translated into multiple languages** and accessible via QR codes on each decodable, reinforce phonics skills for literacy development at home and provide **support for families in their native languages.**

Printable resources in English and Spanish for caregivers foster positive reading experiences at home.

**Just Right Reader’s Professional Development, delivered by Science of Reading experts or researchers, empowers educators by providing tools grounded in the Science of Reading research to use our resources effectively, enhance instructional strategies for supporting English Learners, and facilitate small-group differentiation to increase language acquisition.**

# Title IV, Part A, Student Support and Academic Enrichment Grants

## Program Description

- Provides all students with access to a well-rounded education.
- Improves the use of technology to support all students' academic achievement and digital literacy.
- Improves school conditions for student learning.

## Just Right Reader Alignment

**Science of Reading decodables feature engaging nonfiction topics and fiction series, relatable stories, and diverse characters that reflect students' lives to promote inclusivity, cultivate empathy, and expand background knowledge.**

**Extensive libraries of over 850 decodables in English and Spanish offer students numerous practice opportunities, helping to strengthen foundational skills required to master the Georgia Standards of Excellence (GSE) and create lifelong readers.**

**All educational content is accessible to all learners and families** by meeting Web Content Accessibility Guidelines (WCAG) 2.1 AA standards, ensuring WCAG and NIMAS compliance, and utilizing book and video accessibility features.

***Take-Everywhere Decodable Packs* provide students with high-quality books for home use and personalized learning experiences** based on assessment data.

Video phonics lessons, translated into multiple languages and accessible via QR codes on each decodable, reinforce phonics skills and support reading development at home. **This family engagement component ensures equitable learning experiences and enables families to learn together.**

Our early childhood ***Board Books***, aligned with Early Learning Standards, build literacy and readiness skills in the critical first three years of life, from language and literacy to physical, cognitive, social, and emotional development. ***Board Books* provide children with a strong literacy foundation before entering kindergarten.**

***Just Right Reader's Professional Development***, delivered by Science of Reading experts or researchers, empowers educators by **providing tools grounded in the Science of Reading research to use our resources effectively, enhance instructional strategies, and facilitate small-group differentiation.**

# Title V, Part B, Rural and Low-Income Schools (RLIS) Program

## Program Description

- Improves the quality of instruction and student academic achievement.
- Provides grant funds to rural LEAs that serve concentrations of children from low-income families.
- Assists rural school districts in using federal resources more effectively.

## Just Right Reader Alignment

*Take-Everywhere Decodable Packs* provide high-quality books for home use, **bridging the resource gap for low-income and rural students.**

Extensive *Classroom Libraries* of over 850 English and Spanish decodables provide rural and low-income students with numerous practice opportunities, **helping to strengthen foundational literacy skills required to master the Georgia Standards of Excellence (GSE), and close learning gaps due to limited resources.**

Science of Reading instructional materials and resources are developed for **explicit and effective literacy instruction and small-group intervention to accelerate student achievement.**

**Just Right Reader's Professional Development**, delivered by Science of Reading experts, empowers educators by providing tools grounded in the Science of Reading research to use our resources effectively, **enhance instructional strategies, and facilitate small-group differentiation to meet the unique needs of low-income students.**

Comprehensive support for school leaders and educators, including gradual release lesson plans for every title, videos, research-based activities, and printable resources, **improves the quality of instruction in classrooms.**

**Our early childhood Board Books**, aligned with Early Learning Standards, build literacy and readiness skills in the critical first three years of life, from language and literacy to physical, cognitive, social, and emotional development —**especially for families with limited access to early learning resources.**

Video phonics lessons, translated into multiple languages and accessible via QR codes on each decodable, **reinforce phonics skills and help families with limited access to literacy resources confidently support reading development at home.**

# IDEA, Part B, Secs. 611 and 619

## Program Description

- Provides instructional supplies and equipment.
- Provides assistive technology and devices that assist students with disabilities ages 3-21 to access the curriculum.
- Provides salaries for teachers, paraprofessional staff, and related service providers.

## Just Right Reader Alignment

All educational content is accessible to all learners and families by meeting Web Content Accessibility Guidelines (WCAG) 2.1 AA standards, ensuring WCAG and NIMAS compliance, and utilizing book and video accessibility features.

Differentiated Science of Reading instructional materials and resources accommodate disabilities and diverse learning needs, strengthen foundational skills, and accelerate reading achievement through targeted small-group intervention.

*Take-Everywhere Decodable Packs* provide students with high-quality books for home use and personalized learning experiences based on unique reading needs.

Support for families and caregivers, such as videos and research-based resources, empower families of students with disabilities and diverse learning needs to confidently reinforce learning at home.

Our early childhood *Board Books*, aligned with Early Learning Standards, support children with diverse needs by fostering literacy, language, and developmental skills, offering an accessible foundation for growth in the first three years of life.

**Just Right Reader's Professional Development**, delivered by Science of Reading experts or researchers, empowers educators by providing tools grounded in the Science of Reading research to use our resources effectively, ensure instructional strategies are accessible for all learners, and facilitate small-group differentiation for students' diverse learning needs.

# Backed by Research
