

Getting Started Guide

Science of Reading
Take-Everywhere Literacy Packs™

Personalized Learning, Anytime, Anywhere

in partnership with

 **Just Right Reader**

Step 1

Plan to Teach with Decodables

Use the List of Titles and Small Group Lesson Plans, found on the Teacher Resources page, for easy small-group planning.

Match the code column on your packing slip to the code on the List of Titles sheet to view the titles in each pack.

Lesson Plans Include:

- ➔ **Phonics Skill Review:** Reinforce the target skill.
- ➔ **Guided Practice:** Follow a gradual release model.
- ➔ **Independent Reading with Formative Assessment:** Use Teacher Resources to meet students' unique needs.
- ➔ **Writing:** Writing activities help to strengthen reading skills and foster a deeper understanding of the text.

Step 2

Get Students Excited!

Materials for distribution include custom backpacks, caregiver letters, and literacy packs for each child.

Tell students you have a **special gift** just for them!

Have students open their packs at the same time (Count down: "3, 2, 1... OPEN!").

Give students time to **explore** their new books. These books are theirs to keep!

Highlight the reading and writing activities:

Step 3

Empower Families and Caregivers

Take-Everywhere Literacy Packs™ are for students to keep!

After small group instruction, students take their decodables home to **read, reread, and keep reading!**

Just Right Reader makes reading fun and accessible for all families!

- Send the **family letter** home with students.
- Encourage families to **scan the QR code** on the front of each decodable to watch the video lesson (available in multiple languages) with their child.

Visit the Family and Caregiver Hub!

Families and caregivers can access resources to support reading at home.
