Students Read in Class and Take Home!

What's in a Take-Home Decodable Box?

Each Take-Home Decodable Box contains:

- ★ 10 Science of Reading Decodables
- ★ 1 Book of Fun or Writing Sketchbook, depending on the student's reading level

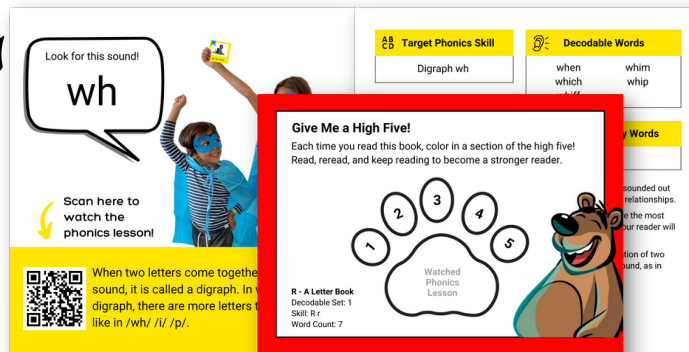

Customized for each student!

Each box has a student's name on the front, and contains decodables that are **differentiated for that student** based on district reading data.

Get to Know Our Decodables!

Phonics Instruction: The inside and back cover of each decodable highlights the phonics skill covered.

Read and Reread: Extra fun on the back of each decodable encourages students to keep reading!

Phonics Lesson:

Scan the QR code on each decodable to watch a phonics lesson in Spanish and English.

STEP 1: Students Tear Open Their Take-Home Decodables

Pass out the Take-Home Decodable Boxes to your students.

Each student will receive decodables that are **differentiated to their phonics skill based on student reading data**.

Watch students' excitement as they open decodables that are just right for them!

STEP 2: Show Your Students How to Use Their Decodables

Customized to Phonics Skill: We customize every box to each student's phonics skill, so your students can read their decodables independently with no extra work for you!

QR Code Phonics Lesson: Show your students how to scan the QR code on the front and back of their decodables to watch a Phonics Lesson in Spanish and English.

Read and Reread: Research shows that rereading decodables 4-6 times improves literacy. Encourage them to color in the High Five on the back of their decodables every time they read and reread.

Join the **Just Right Reader Facebook Community Group** for more tips on how to use our decodables in your classroom!

STEP 3: Students Read in Class and Take Home!

Build the decodables into your lesson plan for small groups instruction, or whatever works best for your classroom!

At the end of the week, students take their decodables home to keep and continue practicing!

Send the Letter to Families home with your students to help families support their child's reading.
