

SOLE SOURCE

To Whom It May Concern:

This letter confirms that *Just Right Reader Decodable Books* and *Spanish Decodables* for grades Pre-Kindergarten to Second are a sole source product, manufactured, sold and distributed exclusively by Just Right Reader. Just Right Reader Spanish Decodables were developed by biliteracy experts who ensured biliteracy would remain at the core of our Spanish materials. Our Spanish materials are original and beautifully illustrated. They contain a rich Spanish vocabulary, develop phonics and support vocabulary acquisition. Our Spanish decodables are equipped with a QR code on each book, leading the reader to engaging and informative Spanish lesson. These lessons can be accessed in English as well. These lessons differentiate our product from other vendors as they support students in a classroom setting and families within the home. Caregivers are empowered with the tools they need to support at home reading.

There is no other set of Spanish decodables on the market available for purchase that would serve the same purpose or function. If you desire additional information, don't hesitate to contact me at any time or visit our website at www.justrighreader.com. Thank you for your interest in Just Right Reader. We look forward to collaborating with your school!

Sincerely,
